**Pictured: Horning Lodges 3, 2, 1**

**The complex**, which has been owned and operated by the King family for over 37 years, has earned a reputation for clean, comfortable accommodation matched with the personal service which only a family-run business can offer. Our staff are "Welcome All" and "Welcome Host" trained.

**We have catered** for the disabled in the construction of these lodges in our quest for holidays for all. Four of the five lodges have been awarded an English Tourist Board accessibility rating, making this one of the largest *Welcome All* group of lodges on the Norfolk Broads to integrate disabled and elderly holiday-makers with the able-bodied.

**All have** a main river frontage lawn area, with a made up quay heading making it ideal for fishing in season, bird watching or just watching the world go by in boats

The popular Ferry Inn is 3 minutes away and village shops are just 1/2 mile distant.
